The living room showcases floor-to-ceiling windows with custom blinds and a dual-sided gas fireplace shared with the primary suite, which also includes a walk-in closet and a relaxing 4-piece ensuite with a jetted tub. A main floor laundry room, additional bedroom, and full bathroom complete the level. The bright walkout basement is designed for entertaining with modern finishings, a full wet bar, pool table, speaker system, two large bedrooms, another well-finished bathroom, and a spotless utility room. The heated garage is a standout with ceiling storage, hot and cold taps, 220V power, laundry setup, and a dedicated indoor pet area with direct yard access.
